

	<p>From 2020-21 we will conduct regular transition events for students with Autism/ASD and their parent/carers will be held on the University to support socialisation, familiarisation and awareness of support services available.</p>
	<p>We will provide an increased level of early and continued intervention for young people in care from Year's 4-13, supporting the local authorities of Luton, Central Beds, Bedford and Milton Keynes. This will include, from 2020-21 providing an annual Looked After Children residential for young people in care from Years 5 & 6, focusing on multi-skills through multi-sports. Participants will be supported through a continued working model of intervention and support particularly at key transition points from primary to secondary.</p>
	<p>We will identify, from 2020-21 a named contact for care leaver applicants within the Access and Outreach Team, who will support care leaver applicants through a contextually sensitive offer and admissions process.</p>
